# OTHER FINISHES

- MATTE:** If a gloss finish isn't for you, all colours and mirror can be surface finished in matte. Great for scratch prevention.
- GLITTER:** Adding extra sparkle to your glass can be done in a choice of 3 different size flecks and various colour options including rainbow.
- PRINTED:** Any image can be printed onto the glass, either from our stock of over 3 million files or supplied by the customer.
- TOUGHENING:** All glass conforms to British and European safety regulations but for extra heat resistance toughening is an option.
- ILLUMINATION:** Available for most applications, areas of the glass can be illuminated in blocks or patterns.
